Barricade Tapes

Visual barricading provides fast on-the-spot warning of potential dangers. The non-adhesive tape can be used for temporary outdoor or permanent indoor applications. This tape can be tied, stapled or nailed to posts, fences or metal barricades.

Tape Tender

The Tape tender dispenses 305 m long rolls of tape with a 75 mm width. It does this quickly, safely and efficiently. Its features are:

- Lightweight, indestructible polypropylene construction.
- Advances the tape as required using your thumb.
- The steel safety cutting blade cuts fast and clean.
- The device can also be used with tapes of 50 mm.
