

fan mounting accessories

screw clips and grommets

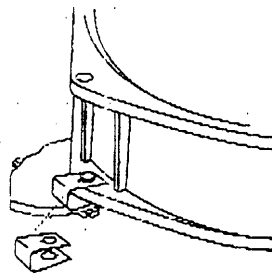

Description

A range of metal and elastic fixing clips, and anti-vibration mounts for fans.

LZ212 Screw clip of rust-resistant spring steel. For mounting fans with threaded pin 3.5 DIN 7970.

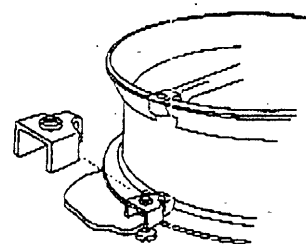

33xx, 43xx and 83xx series fans

LZ210 Hardened sheet steel, tempered and lightly oiled, for 6-32 UNC or 3.5 DIN 7970 screw.

4xxx, 5xxx and 7xxx series fans

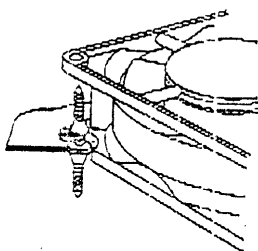

Note only suited to fans with 6mm flange breadth

LZ215 Galvanised steel sheet, M4 thread. For mounting fans on equipment panels with circular cut out.

6xxx series fans

All measurements in mm.

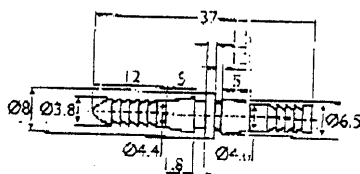

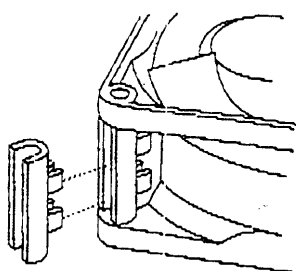

A mounting system that provides a simple and cost-effective method of minimising vibration between the cooling fan and its host equipment. The mount is made of a rigid impact resistant frame with a thermoplastic elastomer element. The materials conform to the requirements of UL94V0.

Operating temperature range -30°C
to $+60^{\circ}\text{C}$.

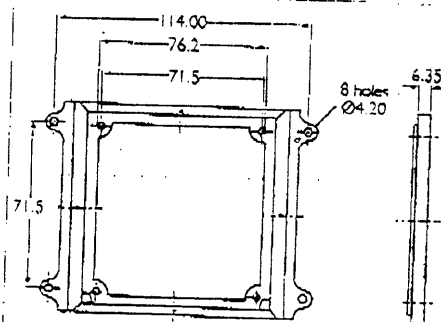

LZ240 The rubber grommet is mounted in the equipment panel with matching hole. The fan rests on the separator piece.

For all fans

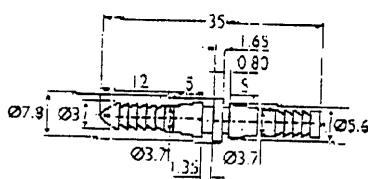

Push-in fastenings for fast assembly of fans and vibration absorption.

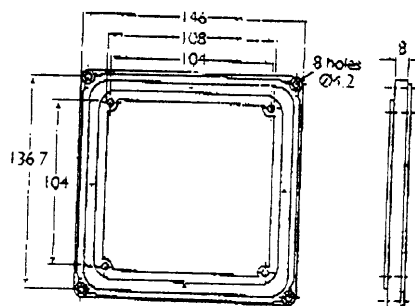

FEA001 3xxx, 4xxx and 8xxx series fans

For 80mm fans

FEA600 3xxx, 4xxx and 8xxx series fans

For 119mm fans

All measurements in mm.

LZ260/ Spacer of glass-fibre reinforced plastic.

LZ261 For screw mounting over both fan mounting flanges.

LZ260 for fan series 83xx

LZ 261 for fan series 84xx
