

Dual Relays

25-40Amp • 120/240, 480 Vac • AC Output

- Zero Voltage and Random Turn-On Switching
- SCR Output
- Industry Standard Package
- Panel Mount

Two totally independent AC output relays come in a single standard panel-mount package. Utilizing an AC switch output with internal snubber, relays provide greater protection against false triggering. Model choices include zero-voltage or random turn-on (phase controllable) switching.

Manufactured in Crydom's ISO 9002 Certified facility for optimum product performance and reliability.
