

Module No	IBACXS
REV.	C2

PRODUCT SPECIFICATION FOR E27 LED Bulb

Descriptions:

- A unique optics design, no light solution, no glare, the light evenly distributed, no stroboscopic.
- Good color rendering performance,
- The power efficiency is 85% typically, the Power factor 0.85 typically,
- Color Temperature 2700K and 6500K available.

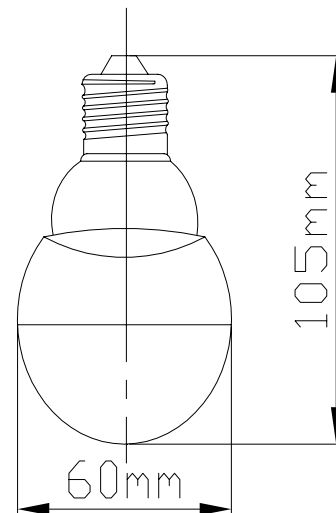

Features:

- Standard E27 plug contact directly with AC220V
- Long life using
- Quick start up

Application:

- The products are apply to supermarket, office, hotel, home, conference room and the exhibition room, and all indoor lightings

Product Picture and Sizes:

Units:mm

tolerance:±2mm

Module No	IBACXS
REV.	C2

Device Selection Guide

Module No.	LED NO	Color	Color Temperature (Typ.)	LED Qty	Total Luminous Flux (Typ.)
IBACWS	OSW44356A2A	White	6500K	24	185 lm
IBACDS	OSMX4356A2A	Warm White	2700K	24	150 lm

Electrical parameter:

Mode No	Min	Typ.	Max	Unit
Working Voltage	190	220	230	V
Operating Current	10	20	21	mA
Gross Power	1.6	4	4.3	W
Power Factor	0.83	0.85	0.89	

Use Parameter:

Project	Parameter Values
Operating Temperature	-20 ~ 45
Storage Temperature	-40 ~ 85
Humidity	90 %
Overall Dimensions	105mm*60mm
Interface	E27
Weight	37g
Recommend Mounting Height	2.5m
