Description

This Tripp Lite power strip is designed to safely distribute power to connected equipment in harsh environments. It provides a convenient source for multiple outlets wherever they're needed. 6 outlets distribute AC power to a wide range of power tools, pumps, air compressors and more. Convenient transformer outlets accommodate multiple transformers without blocking other outlets. A 6 ft. grounded cord with integrated cord clip reaches distant outlets. A lighted on/off switch with integrated circuit breaker provides power control over connected equipment. Breaker protects against dangerous system overload. 4 safety covers shield unused outlets from debris and accidental contact. A rugged metal case stands up to the harshest environments. Integrated keyhole slots on bottom panel provide convenient wall/desk mounting. Its bright yellow color alerts you and others that power cords and tools are in use.
