289-015 JACKPOST KIT FOR HIPER-D CABLE CONNECTORS

Jackpost kits for panel mounting of HiPer-D cable connectors. 289-015 jackposts fit HiPer-D cable connectors 280-018P, 280-019S, 280-046P and 280-047S. For front-mounted and cable-mounted connectors, use 289-015-A. For rear panel mounted connectors, choose the correct jackpost based on panel thickness. #4-40 UNC 2B threads. One kit consists of (2) jackposts, (2) hex nuts and (2) split lockwashers. 300 series stainless steel, passivated.

Hiper-D Jackpost Kits for Cable Connectors				
Panel Thickness			A	
In.	mm.	Part Number	In.	mm.
(none)	(none)	**289-015-A**	.250	6.35
.031	0.79	**289-015-B**	.219	5.56
.047	1.19	**289-015-C**	.203	5.16
.062	1.57	**289-015-D**	.188	4.78
.093 [1]	2.36 [1]	**289-015-D**	.188	4.78
.125 [1]	3.18 [1]	**289-015-D**	.188	4.78
Note (1) Panels thicker than .062 (1.57) must be counterbored.
