RE: EC24 Series Termination

To all concerned parties,

This bulletin is to notify all customers of the discontinuation of the EC24 series Ecliptek oscillator effective Thursday, November 11, 1999.

In compliance with our End of Life (EOL) policy, this notice will serve as advanced notice of product termination. New orders will not be accepted after Friday, February 11, 2000, with delivery to be conclude by Wednesday, May 10, 2000.

The EC26 series is a recommended alternate for the EC24 series. This may not be an exact cross, so it is highly recommended that the data sheet(s) of the recommended alternate are reviewed and samples tested to ensure conformance.

If there are any questions pertaining to this bulletin, please contact your Ecliptek sales representative. Thank you again for your cooperation.
